HP Latex FS50 W Printer

Deliver stunning results with a superwide printer that scales as your business grows

*Product image may differ from actual product

STUNNING-Quality that drives high margins

- You can grow into higher-margin jobs with up to 30% wider gamut¹ at high speed preserving media gloss, feel.
- Stand out with a wide range of signage and décor applications—thin films, vinyl, odourless² backlit textiles.
- Consistent colour and quality configurations across your global fleet with HP Configuration Center³.

SCALABLE-As your business grows

- Integrate future enhancements with a scalable platform ready to meet evolving business needs.
- Meet tight turnarounds with speeds up to $89 \,\mathrm{m}^2 \,(958 \,\mathrm{ft}^2) \,\mathrm{per}\,\mathrm{hour}^4 \,\mathrm{today}$.
- Minimise ink waste and streamline your workflow with auto printhead cleaning and an intuitive interface.
- Print remotely and monitor fleet with HP Live Production included in HP Professional Print Service Plan⁵

SUSTAINABLE-With environmental certifications

- This printer is built to last⁶ thanks to its scalable design.
- Create a comfortable workspace-waterbased inks enable odourless prints² and no hazardous air pollutants'
- Stand out with an offering that meets environmental certifications like UL ECOLOGO®8 and UL GREENGUARD9.
- Contribute to the circular economy with HP Planet Partners¹⁰ and PVC alternative media profile database¹¹.

Messaging Footnotes

Based on testing commissioned by HP and performed by Venture Electronics Spain, comparing the gamuts of HP Latex Gen 4 inks with those of leading competitive alternatives using UV technology. Test performed under the same conditions in all printers measuring the ECI2002 target with the FD-9 spectrophotometer from Konica Minolta.

Based on testing commissioned by HP and performed by Odournet and applicable to HP Latex laks. Testing conducted according to VDI Guideline 3882 where 832 and 873 inks were characterized as "weak" in odour intensity and "neutral" for hedonic tone. There is a broad set of media with very different odour profiles. Some of the media can affect the odour performance of the final print.

HP Print Beat remote monitoring of production and analytics, HP PrintOS Mobile, and HP Configuration Center are available free of charge for all HP printers compatible with HP PrintOS. Requires an HP PrintOS account, Internet connection, and connected Internet-capable device. For more information, see http://www.printos.com.

**Based on internal HP testing, Outdoor mode 3-pass, 6-colour, 90%. While CMYK and Optimiser are duplicated with symmetrical double printheads, Overcoat, Light Magenta and Light Cyan rely on single printheads.

5-H PrintOS Live Production is available for subscribers of the HP Professional Print Services Plus Plan. Please consult your HP representative for information about availability and/or geographic coverage. Requires an

HP PrintOS account, Internet connection, and connected Internet-capable device. For more information, see http://www.printos.com. ⁶Based on HP Large Format supplies Long Term Plan, at least 70% of printers installed, from the previous generation, are still in use in 2024. And on average printers in use are 6-7 years old and at least 50% of printers are

7HP Latex Inks were tested for Hazardous Air Pollutants, as defined in the Clean Air Act, per U.S. Environmental Protection Agency Method 311 (testing conducted in 2013) and none were detected.

8 UL ECOLOGO® Certified HP 832, HP 872, HP 873, and 882, FS50 and FS60 printer series Latex Inks meet a range of stringent human health and environmental considerations. For certifications, see

http://www.ul.com/EL and http://www.ul.com/gg.

9 Applicable to HP Latex Inks, UL GREENGUARD Gold Certification to UL 2818 demonstrates that products are certified to UL's GREENGUARD standards for low chemical emissions into indoor air during product usage.

Unrestricted room size—full decorated room; 33.4 m² (360 ft²) in an office environment; 94.6 m2 (1,018 ft2) in a classroom environment. For more information, visit http://www.ul.com/gg or http://www.greenguard.org. for certifications, see http://www.greenguard.org. 10 visit http://www.hp.com/recycle to see how to participate and for HP Planet Partners program availability; program may not be available in your jurisdiction. Where this program is not available, and for other

consumables not included in the program, consult your local waste authorities on appropriate disposal.

¹¹HP applications experts have evaluated the catalog of media listed in the HP Media Locator based on internal criteria to identify those that provide alternative solutions with certain environmental benefits compared to the typical media within the same application type. The information in media locator is provided by the media substrate vendors. HP is not responsible for the veracity of the information from third-party companies published on the HP website. Technical specifications

Print		
Print speed	121 m²/hr (2-pass); 89 m²/hr (3-pass); 69 m²/hr (4-pass); 49 m²/hr (6-pass); 38 m²/hr (8-pass); 29 m²/hr (10-pass); 54 m²/hr - White Spot (60%); 17 m²/hr - White Overflood (100%); 10 m²/hr - 3 Layers (60%); 3.3 m²/hr - 5 Layers	
Print resolution	Up to 1200 x 1200 dpi	
Technology	HP Latex Printing Technologies	
Ink types	Water-based HP Latex Inks	
Print Cartridges/Bottle, Number	8 (black, cyan, light cyan, light magenta, magenta, yellow, HP Latex Optimiser, HP Latex Overcoat)	
Print cartridge/bottle volume delivered	5 L (colour) upgradeable to 10 L with B3SG0A	
Printheads	8 (6 HP Latex Universal, 2 HP Latex Optimiser)	
Long-term print-to-print repeatability	Maximum colour difference (95% of colours) ≤ 2 dE2000	
Media		
Applications	Exhibition and event graphics; Decoration; Displays; Exterior signage; Indoor posters; Banners; Light boxes - film; POP/POS; Textile; Vehicle graphics; Wallpaper; Window graphics	
Handling	Roll-to-roll, double-sided blockout, dual-roll (optional), roll-to- freefall (optional), ink collector (optional)	
Rolls	Media rolls: 1 (2 with optional dual roll kit); Roll size: Up to 3.2 m (single roll); Up to 2 x 1.6 m (optional dual roll); Up to 2 x 1.53 m (optional jumbo dual roll); Maximum roll weight: Up to 160 kg (single roll); Up to 300 kg (with optional diverter roller); Up to 2 x 70 kg (with optional dual roll kit); Up to 2 x 200 kg (with optional jumbo dual roll kit); Maximum roll diameter: 30 cm (40 cm with optional diverter roller);	
Maximum media width	3.2 m (single roll); 2 x 1.60 m (optional dual roll); 2 x 1.53 m (optional jumbo dual roll)	
Thickness	Up to 0.4 mm (default); up to 2.0 mm (with custom carriage height setting)	
Media types	Banners, self-adhesive vinyls, films, papers, wallcoverings, canvas, synthetics, fabrics, mesh, textiles ¹
